STATE COUNCIL HOLDS WALK FOR ST. JUDE ACROSS STATE

The Second Holiday Hike Held in November makes \$5,427.50

The Kansas State Council eagerly supports its international philanthropic project, St Jude Children's Research Hospital. We have donated well over \$1 million dollars to St. Jude's since it was adopted as our project in 1972. We share the dream of Danny Thomas that no child should die in the dawn of life.

It was a beautiful fall November day to walk for the children of St. Jude. Chapters all over the state participated in the event. Below: Brenda Love, Circle of Life Chairman, leads her chapter's walk at the football field in Caldwell. Delta Chi walked the 5K Holiday Hike this November with Brenda Love in charge of the state effort for St. Jude. Brenda and Maureen Wells put together the walk to raise money for the children and a cure for cancer. (First picture on left - L to R) Linda Bocox - District C Chair; Jill Mattingly - Delta Chi President; Melinda Neal Delta Chi VP; Brenda Love - KS State Sr. Circle of Life Director; Jeanie Ward - Delta Chi Educational Director; Marsha Barnes - KS St. Recording Secretary. Mark Neal, husband of Melinda Neal was the photographer for the group and also joined us in walking. (Center Photo) Jill Mattingly and Brenda Love (Right photo:) Walking at football field: L - R Jeanie Ward, Linda Bocox, Jill Mattingly, and Brenda Love.

(Left) Epsilon Pi members head for McDonald's after their walk in Lemon's Park.

You can either "GIVE UP" after the walk or "GIVE IN" in to a delicious Hot Fudge Sunday at McDonald's. ESA always finds a way!

Epsilon Pi in Pratt, Kansas held their Holiday Hike in Lemon's Park on a beautiful November day. (Pictured left) Angela McGraw's whole family participated in the hike. (Center Picture) Members meet each other coming and going as groups went different directions on the one mile path in the park. (Pictured right) Kendra Jones brought her daughter and the family pet to help walk the 5K.

(Picture left) Kendra Jones and her daughter were literally dragged from one end of the park to the other when their dog discovers that Lemon's Park is filled with wonderful "SQUIRRELS" to chase! It wasn't long before he was taken back to the car to wait for everyone to finish. (Center Picture) Delories Moore and Angela's family prepare to take off for their walk. (Pictured right) Andrea Nall and Eleanor Anthony give a wave as they head down the left entrance of the one mile walk path. The weather was so great that it wasn't even necessary for a jacket.

Another hike was held in the Manhattan area. (No pictures were provided)
